

SED), the ECCN, and an item description identical to the item description on the license.

(2) *Exports under a License Exception.* You must enter on any required SED or AES record the ECCN and the correct License Exception symbol (*e.g.*, LVS, GBS, CIV) for the License Exception(s) under which you are exporting. Items temporarily in the United States meeting the provisions of License Exception TMP, under §740.9(b)(3), are excepted from this requirement. See also §740.1(d) of the EAR.

(3) *No License Required (NLR) exports.* You must enter on any required SED or AES record the “NLR” designation when the items to be exported are subject to the EAR but not listed on the Commerce Control List (*i.e.*, items are classified as EAR99), and when the items to be exported are listed on the CCL but do not require a license. In addition, you must enter the correct ECCN on any required SED or AES record for all items being exported under the NLR provisions that have a reason for control other than anti-terrorism (AT). The designator “TSPA” may be used, but is not required, when the export consists of technology or software outside the scope of the EAR. See §734.7 through §734.11 of the EAR for TSPA information.

(h) *Power of attorney or other written authorization.* In a “power of attorney” or other written authorization, authority is conferred upon an agent to perform certain specified acts or kinds of acts on behalf of a principal.

(1) An agent must obtain a power of attorney or other written authorization in the following circumstances:

(i) An agent that represents a foreign principal party in interest in a routed transaction must obtain a power of attorney or other written authorization that sets forth his authority; and

(ii) An agent that applies for a license on behalf of a principal party in interest must obtain a power of attorney or other written authorization that sets forth the agent’s authority to apply for the license on behalf of the principal.

NOTE TO PARAGRAPH (h)(1): The Bureau of Census Foreign Trade Statistics Regulations impose additional requirements for a power

of attorney or other written authorization. See 15 CFR 30.4(e) of the FTSR.

(2) This requirement for a power of attorney or other written authorization is a legal requirement aimed at ensuring that the parties to a transaction negotiate and understand their responsibilities. The absence of a power of attorney or other written authorization does not prevent BXA from using other evidence to establish the existence of an agency relationship for purposes of imposing liability.

(i) *Submission of the SED or AES record.* The SED or AES record must be submitted to the U.S. Government in the manner prescribed by the Bureau of Census Foreign Trade Statistics Regulations (15 CFR part 30).

§ 758.2 Automated Export System (AES).

The Census Bureau’s Foreign Trade Statistics Regulations (FTSR) (15 CFR 30) contain provisions for filing Shipper’s Export Declarations (SEDs) electronically using the Automated Export System (AES). In order to use AES, you must apply directly to the Census Bureau for certification and approval through a Letter of Intent (see 15 CFR 30.60(b) and Appendix A to part 30 of the FTSR). Four AES filing options are available for transmitting shipper’s export data. Option 1 is the standard paper filing of the SED, while the other three options are electronic. Option 2 requires the electronic filing of all information required for export prior to export (15 CFR 30.61(a) and 30.63 of the FTSR); Option 3 requires the electronic filing of only specified data elements prior to export, with complete information transmitted within 5 working days of exportation (15 CFR 30.61(b) and Appendix B of the FTSR); Option 4 is only available for approved filers (approval by Census Bureau, U.S. Customs Service, BXA and other agencies) and requires no information to be transmitted prior to export, with complete information transmitted within 10 working days of exportation (15 CFR 30.61(c) and 30.62(c) of the FTSR).

(a) *Census’ Option 4 application process.* Exporters, or agents applying on behalf of an exporter, may apply for Option 4 filing privileges by submitting

a Letter of Intent to the Census Bureau in accordance with 15 CFR 30.60(b) and 30.62 of the FTSR. The Census Bureau will distribute the Letter of Intent to BXA and other agencies participating in the Option 4 approval process. Any agency may notify Census that an applicant has failed to meet its acceptance standards, and the Census Bureau will provide a denial letter to the applicant naming the denying agency. If no agency denies the application within 30 days, nor requests an extension of time within 30 days, the Census Bureau will provide the applicant with an approval letter. See 15 CFR 30.62(b) of the FTSR.

(b) *BXA Option 4 application process.* When AES filers wish to use Option 4 for exports of items that require a BXA license, those filers must seek separate approval directly from BXA by completing a questionnaire and certification. (Separate BXA approval is not required for the use of Option 4 in connection with exports that do not require a BXA license.) The questionnaire and certification should be mailed to: U.S. Department of Commerce, Bureau of Export Administration, The Office of Enforcement Analysis, 14th & Pennsylvania Avenue, N.W., Room 4065, Washington, D.C. 20230.

(1) *Questionnaire.* The following questions must be answered based on your experiences over the past five years. If the answer to either of the questions is “yes”, it must be followed with a full explanation. Answering “yes” to either of the questions will not automatically prevent your participation in Option 4. BXA will consider the facts of each case and any remedial action you have taken to determine whether your reliability is sufficient to participate in this program.

(i) Have you been charged with, convicted of, or penalized for, any violation of the EAR or any statute described in § 766.25 of the EAR?

(ii) Have you been notified by any government official of competent authority that you are under investigation for any violation of the EAR or any statute described in § 766.25 of the EAR?

(2) *Certification.* Each applicant must submit a signed certification as set

forth in this paragraph. The certification will be subject to verification by BXA.

I (We) certify that I (we) have established adequate internal procedures and safeguards to comply with the requirements set forth in the U.S. Department of Commerce Export Administration Regulations (EAR) and Foreign Trade Statistics Regulations (FTSR). These procedures and safeguards include means for:

(i) Making a proper determination as to whether a license is required for a particular export;

(ii) Receipt of notification of approval of the export license, if required, before the export is made;

(iii) Compliance with all the terms and conditions of the license, License Exception, or NLR provisions of the EAR as applicable;

(iv) Return of revoked or suspended licenses to BXA in accordance with § 750.8(b) of the EAR, if requested;

(v) Compliance with the destination control statement provisions of § 758.6 of the EAR;

(vi) Compliance with the prohibition against export transactions that involve persons who have been denied U.S. export privileges; and

(vii) Compliance with the recordkeeping requirements of part 762 of the EAR.

I (we) agree that my (our) office records and physical space will be made available for inspection by the Bureau of the Census, BXA, or the U.S. Customs Service, upon request.

(c) *BXA Option 4 evaluation criteria.* BXA will consider the grounds for denial of Option 4 filing status set forth in 15 CFR 30.62(b)(2) of the FTSR, as well as the additional grounds for denial set forth in this paragraph.

(1) Applicants have not been approved for Option 4 filing privileges by the Census Bureau or other agency;

(2) Applicants are denied persons (*i.e.*, persons listed on the Denied Persons List in Supplement No. 2 to Part 764 of the EAR); or

(3) Exports are destined to the countries designated by the Secretary of State as supporters of international terrorism under Section 6(j) of the Export Administration Act of 1979, as amended. These “T-7” countries currently include Iran, Iraq, Libya, North Korea, Cuba, Sudan, and Syria.

§ 758.3 Responsibilities of parties to the transaction.

All parties that participate in transactions subject to the EAR must comply with the EAR. Parties are free to structure transactions as they wish, and to delegate functions and tasks as they deem necessary, as long as the transaction complies with the EAR. However, acting through a forwarding or other agent, or delegating or redelegating authority, does not in and of itself relieve anyone of responsibility for compliance with the EAR.

(a) *Export transactions.* The U.S. principal party in interest is the exporter, except in certain routed transactions. The exporter must determine licensing authority (License, License Exception, or NLR), and obtain the appropriate license or other authorization. The exporter may hire forwarding or other agents to perform various tasks, but doing so does not necessarily relieve the exporter of compliance responsibilities.

(b) *Routed export transactions.* All provisions of the EAR, including the end-use and end-user controls found in part 744 of the EAR, and the General Prohibitions found in part 736 of the EAR, apply to routed export transactions. The U.S. principal party in interest is the exporter and must determine licensing authority (License, License Exception, or NLR), and obtain the appropriate license or other authorization, *unless* the U.S. principal party in interest obtains from the foreign principal party in interest a writing wherein the foreign principal party in interest expressly assumes responsibility for determining licensing requirements and obtaining license authority, making the U.S. agent of the foreign principal party in interest the exporter for EAR purposes. One writing may cover mul-

iple transactions between the same principals. See § 748.4(a)(3) of the EAR.

NOTE TO PARAGRAPH (b): For statistical purposes, the Foreign Trade Statistics Regulations (15 CFR part 30) have a different definition of "exporter" from the Export Administration Regulations. Under the FTSR the "exporter" will always be the U.S. principal party in interest. For purposes of licensing responsibility under the EAR, the U.S. agent of the foreign principal party in interest may be the "exporter" in a routed transaction.

(c) *Information sharing requirements.* In routed export transactions where the foreign principal party in interest assumes responsibility for determining and obtaining licensing authority, the U.S. principal party in interest must, upon request, provide the foreign principal party in interest and its forwarding or other agent with the correct Export Control Classification Number (ECCN), or with sufficient technical information to determine classification. In addition, the U.S. principal party in interest must provide the foreign principal party in interest or the foreign principal's agent any information that it knows will affect the determination of license authority, see § 758.1(g) of the EAR.

(d) *Power of attorney or other written authorization.* In routed export transactions, a forwarding or other agent that represents the foreign principal party in interest, or who applies for a license on behalf of the foreign principal party in interest, must obtain a power of attorney or other written authorization from the foreign principal party in interest to act on its behalf. See § 748.4(b)(2) and § 758.1(h) of the EAR.

§ 758.4 Use of export license.

(a) *License valid for shipment from any port.* An export license issued by BXA authorizes exports from any port of export in the United States unless the license states otherwise. Items that leave the United States at one port, cross adjacent foreign territory, and reenter the United States at another port before being exported to a foreign country, are treated as exports from the last U.S. port of export.

(b) *Shipments against expiring license.* Any item requiring a license that has
